College Credit Definitions

Regular Credits

College credits are expressed as semester hours or credit hours.

Laboratory Credits

Two hours of laboratory work are usually accepted as the equivalent of one hour of regular class work. The actual number of hours will be determined in order to satisfy the course objectives.

Credit by Examination

Credit is allowed for CLEP, General and Subject Examinations, the Advanced Placement program, and DANTES examinations as approved by the Academic Council and department chairs. The number of credits allowed for satisfactory performance on the general examinations may be reduced by the amount of credit the student has previously earned in the subject matter areas covered by the examinations.

Some departments of the University have developed challenge examinations in areas which, with approval of the Academic Council, can be used in lieu of certain required courses. Consult the appropriate department chairs for additional information.

Experiential Credit

Troy University recognizes that learning equivalent to the college level can occur outside the formal structure of accredited colleges and universities. Policies and procedures have been established for the assessment of this learning based upon the "Principles of Good Practice in Assessing Experiential Learning" recommended by the Council for the Adult and Experiential Learning (CAEL).

In addition, credit as recommended by the American Council on Education may be granted for learning acquired through military, industrial, or regionally accredited technical school training

After classes begin

The Troy University calendar specifies a date in each semester or term that is the deadline to drop a course without academic penalty. See the Schedule of Classes for the exact date.

Prior to this deadline, students who drop must complete a drop form and submit it to the appropriate office in order to protect their records and qualify for partial refunds. (Contact the appropriate office for specific refund policy.) The grade DR will be entered on the student's records for each course dropped, and hours will not be calculated in the grade point average.

After this deadline, students who drop will be assigned the grade of DP (drop passing) or DF (drop failing).

The DP will be assigned to students with documented reasons for dropping after the deadline for reasons beyond their control. An assignment of DP does not affect the grade point.

The DF will be assigned to students without documented reasons for dropping after the deadline.
