

PERSONAL PRONOUNS

A personal pronoun is a word that takes the place of a noun (the name of a person, place, thing, or idea). Pronouns have different forms according to how they are used in a sentence. Their function or use determines which form or case will be used in a sentence. The three cases of personal pronouns are nominative, objective, and possessive.

	Singular	Plural
	Nominative	
First Person	I	We
Second Person	You	You
Third Person	He, She, It	They
